

# SkillsBuild Onboarding Instructions - updated November 12, 2020

## Step 1: Collecting the Learner info and providing to the IBM Digital Success Manager (DSM)

To gain a login to SkillsBuild, Providers should collect the Learner's name (First and Last) and an email address. Google email addresses work best for SkillsBuild registrations.

Once the User information (Name and email) is provided to the Digital Success Manager (DSM), the DSM will generate a SkillsBuild invite (see sample below). The invite will be sent from the SkillsBuild email address. Ask learners to be sure to check the spam folder for this email if they do not receive it in their regular email folder.

The email will have the subject "You're Invited to Your Learning" The email will be sent from "[sbuser@us.ibm.com](mailto:sbuser@us.ibm.com) via [sendgrid.net](https://sendgrid.net)". This email will contain the link to register for SkillsBuild. If you do not see this email, please check your *SPAM/Junk* folder for this email.

Google Example

## Step 2: SkillsBuild Invite Email

Email will appear as follows:

**You're invited to SkillsBuild**  
SkillsBuild [REDACTED]

<SkillsBuild User Email>

# Welcome to SkillsBuild

Learn, grow, get the job of your dreams

**Congratulations, you are now registered to use SkillsBuild!** - SkillsBuild will help you develop the skills you need for a new job in a high growth area such web development, artificial intelligence, cybersecurity, or client engagement. SkillsBuild will also help you develop other vital professional skills like problem solving, communications, teamwork, and more.

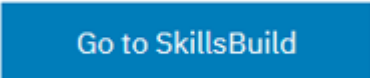

Simply press the button below to sign in using LinkedIn, Google, or IBMid. Keep this email in case you need to find your way back later.

Go to SkillsBuild

### **Step 3: Go to SkillsBuild**

Once the user receives the email they should click on the blue box “Go to SkillsBuild:

Go to SkillsBuild

This page will be returned after clicking on the blue box:

### **Step 4: Learner/User Sign in and Registration Page**

The user should Register with the respective email (see green arrow above):

- LinkedIn- if they provided LinkedIn account for their login
- Google – if they provided a gmail address for their login
- IBM- for all others

\*\*\*If there are any issues with the login, please connect with the DSM. The DSM can resend the invite and assist with login issues.

## Step 7: SkillsBuild Job Seeker Preferences and Welcome Page

User will see the SkillsBuild Reignite landing page

SkillsBuild Reignite

Search the learning catalog or Find learning by topic →

Times have never changed so swiftly. Jobs are disappearing, businesses struggle. But even amid the changes, there are opportunities to adapt and grow.

**Begin the next chapter in your career or business through learning, experience, and community.**

**Explore your learning options**

**Looking for a job or new skills?**

Learn about digital careers that are in demand, and the skills needed to be a part of the increasingly high-tech economy.

[Job Seekers →](#)

"I learned subjects like Blockchain, Artificial Intelligence, Internet of Things and Cybersecurity. The most important is that at the end of the courses you get certifying badges that you can promote on your LinkedIn profile or on your CV."

Trésor Mele, SkillsBuild learner from France

From here the Learner User can Search the Learning Catalog, Explore Learning Options, Access the Job Seeker section. Select the Job Seeker Section, they can Set preferences. These are used to suggest content for the users.

Here are a few navigation tips:

1. As the learners are working through learning sessions, they can always click on the blue SkillsBuild logo in the upper left corner to get back to “Home”
2. Users should familiarize themselves with the “Recommended” and “Your learning” drop downs in the upper right-hand corner of the page.

3. From the “Recommended” drop down they can access the Learning, Badges, Paths and Programs and Resources Section

## Recommended

4. From the “Your learning” drop down they can access Channel Subscriptions, Your Queue, Required Learning and Your completions.

## Your learning

5. Learners can search in free form using the magnifying glass icon

6. Learners can get help with technical issues by clicking on the question mark: 

An email will be sent to technical support with a summary of their problem or question. They should expect a reply within 24-48 hours.
